HPF006 HOLE PUNCH & FLANGE TOOL

The swivelling head allows you to rotate the head to use the 6mm hole punch or flange / rebate jaws.

SLC060 SELF LOCKING PULLING CLAMP

Jaw Width: 60mm
Capacity: 5 Tonne

This unique Self Locking Clamp is designed to fix to panels quickly without any mechanical tools to assist you. By depressing the pull ring towards the clamp the jaws open so you can fix in place over the panel and by releasing the pull ring the jaws clamp in place onto the panel. The clamp is designed to increase grip on the panel as the pulling force is applied.
