- Training and technical support
- In-house BTB airtool service / repair centre

History

BTB, built around the Lock family, commenced business as a collision repairer, later diversifying into windscreen repair & replacement, roadside assistance and vehicle recovery. The lack of appropriate tools was the motivation behind the development of specialised tools for the industry, commencing development in the mid 1980's and evolving over the years. BTB has continued to supplement our own windscreen removal system with tools from other key global suppliers. This catalogue presents our current range of innovative tools.

Today

Our warehouse now carries over 800 tool and accessory line items dedicated to auto glass and collision repair specialists. We manufacture our own patented and unique range of powered cutout tools and blades on site as well as provide back up service and repair to support our customers.

Tomorrow

BTB will continue to develop our exclusive and world renowned system for removal of auto glass and other bonded components and will expand our range to include the latest developments available for our industry. Due to our continual development, new products are frequently added. If you can't find it here, contact us to let us know what you are seeking. If we haven't got it already, we may be able to source or provide a solution for you.

Terms & Conditions

The data contained in this catalogue is correct at the time of publication, however BTB and their suppliers take no responsibility for omissions or errors.

The supply of items may vary from time to time from the actual images as shown in the catalogue.

All product returns must be approved prior by BTB and be within fourteen (14) days from receipt of delivery. Incorrectly ordered product returns may be subject to a restocking fee. Returned goods shall be in their original and unmarked condition, complete with any instruction sheets supplied.

The following goods cannot be returned for credit under any conditions:

- Any goods specially made, including items cut to length
- Any goods used, altered or damaged by the purchaser
- Any goods having an invoice value of 10 (ten) Australian dollars or less
- Any goods especially indented and which are not normal stock lines

All product returns must be freight prepaid by the sender.

Any unauthorised copying, duplicating or transmitting of this publication or any part thereof is strictly prohibited unless prior consent is given in writing by BTB Auto Glass & Body Shop Tools. Any infringement of copyright may be subject to legal liability.

All orders are to be prepaid unless trading terms are agreed prior by BTB.
