

POWERED AUTO GLASS REMOVAL TOOLS

BTB AUTO GLASS REMOVAL TOOL

Glass, Moulding & Bonded Panel Removal System

WK10HD BTB AUTO GLASS REMOVAL POWER TOOL

Nylon control head & adjustable arms regulate cutting depth of all blades to avoid damage to glass, parts or paintwork

Short & fast in-line stroke gives unequalled, gentle & balanced cutting action

BTB's versatile, precise, efficient and user friendly system safely removes any adhesive bonded auto glasses, body panels or decorative mouldings without damage to component, painted panel or operator injury.

This small, compact and powerful air tool operates blades to cut with precision from inside or outside of the vehicle, against the glass surface, or in the case of an encapsulated glass, the blades will safely cut away from the encapsulation and against the pinchweld or body panel.

Professional Comprehensive Toolkits (Smaller kits available)

NOTE:

Ask for your free copy of BTB's other 20 page catalogue or introduction Video CD specifically detailing this BTB auto glass removal system, or you can visit our website www.btbtools.com
