

## Lil Buddy Pro Glass Lifting Device

### LBP2 LIL BUDDY PRO LIFTING DEVICE

The "Lil Buddy Pro" Windscreen Lifting device provides a safe and fast installation to be performed by a single technician. The Lil Buddy retains a secure grip on one side of the windscreen which allows the operator to confidently manoeuvre the glass to the required position minimising the risk of physical injury.

## Suction Cups & Window Holders

### WK400 DOUBLE SWIVEL SUCTION CUP

Lifting, fitting and manoeuvring of auto glass, especially front windscreens, is the specialty of the WK400. Made of a hard plastic body and has two 115mm cups with swivel heads.

**Includes slot in handle for ratchet tie downs.**

Safe Lifting Weight 30kg

### WK400K DOUBLE SWIVEL SUCTION CUP KIT

Includes 2 x WK400 double suction cups and 1 x ratchet tie down strap.

**Includes slot in handle for ratchet tie downs.**

Supplied with protective covers

### WK400AL ALUMINIUM DOUBLE SWIVEL SUCTION CUP

The aluminium swivel suction cup is more durable than the plastic housing and is good for using on larger vehicles where they are more prone to be damaged.

**NEW**

Safe Lifting Weight 35kg
