

Rubber Hook & Pick Tools

UHP700 UNIVERSAL HOOK & PICK SET - 7Pc

3 large type hooks & 4 mini pick hooks. All hooks are hardened steel for long term durability and chromed for a smooth finish.

AP6000 RUBBER HOOK TOOL

The essential tool for all technicians. Specially designed hook end for pulling rubber gaskets over the pinchweld or glass during installation of the window. Also great for loosening radiator hoses and many other applications.

AP6001 LONG RUBBER HOOK TOOL

An extended version of the AP6000 Hook with a shaft length of 190mm. Great for reaching below dash boards on Bus/ Coaches, Truck windows and for general use on automotive vehicles.

AP6005 LONG STRAIGHT HOOK TOOL

The long straight hook tool provides longer reach with a shaft length of 200mm and a 50mm hook tip. The hook tip is only bent once so it will work in either direction.

AP6010 MINI HOOK & PICK SET

4 Piece Set for general use to assist in removing small clips, screw covers and trim fasteners.
